(V)KIDNAPPED- 1978 NO WAVE UNDERGROUND ERIC MITCHELL FILM

(Mitchell's first film, a stark unedited recreation of Andy Warhol's Vinyl (itself based loosely on Burgess' "A Clockwork Orange") this super-8 film purports to be the story of bored terrorists who kidnap a businessman. Stars Mitchell, Anya Phillips, Patti Astor and Duncan Smith among a crowd of hip poseurs talking sex, manners and politics. A classic look at the No Wave ennui ideal.) -837-

(V)BETAVILLE & NO SUCH THING AS GRAVITY NO WAVE NICK ZEDD -838-

(HERE'S 2 RARE FILMS BY NEW YORK UNDERGROUND / NO WAVE / CINEMA OF TRANSGRESSION FILMMAKER ALYCE WITTENSTEIN ON DVD:

(V)NO SUCH THING AS GRAVITY (1989)- Set in the future, this tells of an Earth run by a conglomerate called the LaFont Corporation, which uses machines to rule its subjects. "Troublemakers" and malcontents are exiled to an artificial planet called Terra Nova. Problems arise when Terra Nova suddenly shifts its orbit and threatens to crash into Earth. Stars Holly Adams (Nymphomania & Kern's Horoscope), Michael J. Anderson (Twin Peaks & HBO's Carnivale), plus Taylor Mead & Nick Zedd! (36 minutes) -838-

(V)BETAVILLE (1986) - A fun play on Godard's Alphaville full of cheap-o futuristic gags that still work, Betaville is one of the few highly-hyped underground spoofs that delivers. wittenstein's right arm Steve O is funny as the noir dick and underground vet Holly Adams (Nymphomania & Kern's Horoscope) oozes pixie charm. This is a keeper for sure and a rare light comedy amidst it's grimy New York underground brethren. Voted one of Film Threat magazine's 25 underground films you must see. (30 minutes)) -838-

(V)VISITING DESIRE-KEMBRA PFAHLER & LYDIA LUNCH STAR IN NEW YORK UNDERGROUND FILMMAKER BETH B's RARE & SEXY 1996 RARE FILM VISITING DESIRE. -837-

VARIOUS ARTISTS-LAB RESULTS VOLUME ONE dvd

VARIOUS ARTISTS "Friction"-Four experimental video performances: Tim North does improvisational primal rhythms on his "Hoverdrum," Barry Schwartz manipulates high voltage electrical currents, Scot Jenerik performs a frenzied rhythmic exorcism, and Comfort Control's high voltage imagery involves an electrically emulated martyr.

FRIGHTWIG-"Strip for Frightwig" VHS?

SEIICHI YAMAMOTO-"The Murder Case of the Water Service Spectacles"-Looks like vaudeville is alive and well in the Japanese underground, if this is any evidence. Seiichi (of Boredoms fame) and a bunch of friends (including Masonna), go through some really wacky and bizarre routines. The video comes in a bag packed full of colorful bits of Japanese junk including cassettes, CDs, advertising, 7" records, chopsticks, cloth, coins, Q-tips, and more. 45 minutes, Japanese import. (AUGEN)
